

Simple Budget Planning

Name: _____

Date: _____

Your weekly pocket money is \$25.00

Plan how you will spend your money across the categories below. Make sure your total equals exactly \$25.00!

Part 1: Plan Your Budget

Category	Amount (\$)
Savings	_____
Snacks/Treats	_____
Entertainment (games, books, hobbies)	_____
Donations/Charity	_____
Other (describe): _____	_____
TOTAL	_____

Part 2: Spending Scenarios

1. On Monday, you buy a muesli bar for \$2.50. How much do you have left for snacks this week?

\$ _____ - \$2.50 = \$ _____

2. You want to save up \$120 for a new scooter. If you save the amount you budgeted each week, how many weeks will it take?

\$120 ÷ \$ _____ = _____ weeks

3. Your friend invites you to the movies which costs \$12.00. Do you have enough in your entertainment budget? Circle: **YES / NO**

If not, which category could you reduce? _____

Reflection:

Why is it important to have a budget?
