

Cause and Effect Relationships

Name: _____

Date: _____

 **Read the passage carefully:**

It had been raining heavily all morning, so the school field was covered in muddy puddles. The Year 4 class was disappointed because their sports day had to be postponed. Mrs. Chen decided to cheer everyone up by organising indoor games instead.

During the games, Tom was running too fast around the corner and slipped on the polished floor. He wasn't hurt, but his knee was a bit sore. The teacher reminded everyone to walk carefully inside the classroom.

Meanwhile, Sarah had forgotten her lunch at home because she had rushed out the door that morning. Her friend Emma noticed Sarah looked sad and kindly shared half of her sandwich. This made Sarah smile, and the two friends enjoyed their lunch together.

Part A: Match the cause with its effect

Draw a line to connect each cause on the left with its effect on the right.

Cause

1. It rained heavily all morning
2. Tom ran too fast inside
3. Sarah rushed out the door
4. Emma shared her sandwich

Effect

- A. Sarah smiled and felt happy
- B. Sports day was postponed
- C. She forgot her lunch
- D. He slipped on the floor

Part B: Complete the sentences

Fill in the blanks to show the cause and effect relationships.

1. **Because** the field was muddy, _____

2. The teacher reminded students to walk carefully **because** _____

3. **Since** Sarah forgot her lunch, _____

Part C: Write your own

Think of a cause and effect from the story or create your own based on the passage.

Cause: _____

Effect: _____
