Read the story carefully:

The Beach Day

Last Saturday, Maia and her family went to the beach. First, they packed a picnic lunch with sandwiches, fruit, and biscuits. When they arrived at the beach, Maia's dad set up the umbrella while Mum spread out the blanket. Maia couldn't wait to get in the water! She put on her sunscreen and then ran straight into the waves. After swimming for an hour, she was hungry, so the family sat down to eat their picnic lunch. Following lunch, Maia and her brother Tom built an enormous sandcastle with a moat around it. Just before they left, they collected shells to take home as souvenirs.

Number the events in the correct order (1-6):

- ___ Maia and Tom built a sandcastle.
- ___ The family packed a picnic lunch.
- ___ Maia put on sunscreen and went swimming.
- ___ Dad set up the umbrella and Mum spread out the blanket.
- ___ They collected shells to take home.
- ___ The family ate their picnic lunch.

Answer these questions:

1. What did Maia do *first* when she got to the beach?

2. What did Maia do *last* before leaving the beach?
